RETAIL MERCHANDISING SIGNS LLC

GROWING TO MEET OUR CUSTOMERS WANTS

Thank you for entrusting Retail Merchandising Signs for your store signage and supply needs. Our new website at www.retailmerchandisingsigns.com, where you can now place your order. This is just another way to enhance your shopping experience. With over 100 years of combined experience in the retail signage and supply industry, the owners of Retail Merchandising Signs are working to provide you the most positive experience imaginable. With a friendly staff ready to handle your order, we are focused on you our customer. Now with seven years with you, our mission from day one has not changed; to be your Reliable Source For Signs, Banners and Tags. We have become one of the largest suppliers of retail sale signs and supplies. Adding many new designs to our current product categories has expanded our product selection. Most important though is the addition of new product categories. We now carry feather flags. These tall attention grabbers are available in two types; those that require wind and those that do not. Other new categories include price label guns, channel rail sign clips, channel display strips, balloons in both plain and printed sales messages. We have also developed a software program that works specifically on our laser card sign collection. Imprint your sales message on the laser signs for that custom look.

Expanded areas include sale tags in our colorful category as well as string tags in our S05 and S10 series and our flagship T50 line of slotted sales tags. Our label line has grown to include smaller sizes of blank fluorescent labels and we have added more options in our colorful price card line. We now have 12 sizes of vinyl envelopes for your tagging needs. One thing that all of the new products have in common is that they came to be because of suggestions from our valued customers. Don't see what you want? Let us know. Thank you again for choosing Retail Merchandising Signs.

FEATHER FLAGS

16' Aluminum Pole (4 Piece Set)
1 Ground Mount Stake

Warranty: There is no expressed warranty for Feather Flag products except for manufacturer defects. Feather flag products are for Outdoor use and are subject to the hazards of the environment, including vandalism and theft. Flags have a limited life span of 3-4 months, depending on weather conditions. Metal products are inspected and shipped in usable conditions, and generally will not bend without external force applied. We will NOT warranty for bent poles AFTER installation. Bringing the products in at night and/or during high winds or stormy conditions may extend the life span of all products. Manufacturing defects are evaluated on a case-by-case basis.
